

### MISSISSIPPI WOMEN CANNOT AC AT JURORS

JACKSON, Miss., Sept. 24. (Sp.)—The interesting discovery has been made that instead of the Mississippi legislature being called upon at its next session to exempt women from jury service, it will be necessary to pass a law qualifying them for that service. If the fair sex is to exercise all the duties of citizenship.

The impression has generally prevailed that the adoption of the federal suffrage amendment automatically frees women who become qualified as electors liable to jury duty. Such is not the case.

Section 2354 of the code provides that jurors must be "male citizens, not under the age of 21 years," and at length prescribed other qualifications essential to service. While this code section is in existence, women are clearly not eligible, and the four expressed by many anti-suffragists about men and women being locked up over night during trial of lengthy cases, and other unpleasant conditions sexographically pictured, has no foundation.

### Socialist Candidate Says Laboring Men Study Conditions

Dr. J. M. Lindsey, Socialist candidate for governor, speaking Thursday night before the Trades and Labor council, said the Democrats will have a hard time keeping the laboring men in line this fall, as they are beginning to study economic conditions. "And it won't be long before they see the new day," Dr. Lindsey said.

Dr. Lindsey said the cotton planters realize that they see no hope of getting the cost of production. Having been a farmer and raised cotton in Arkansas 1880-1890, he said, he knows the distressing condition when cotton is a low cost of production. "When I raised it," he said, "it took 25 pounds of cotton to buy a dollar, and many a farmer has never forgotten the Cleveland administration. The competitive system and the large increase in the bank circulation will cause a repetition of 1890, a time when Baring Bros. failed at London."

Dr. Lindsey will discuss the "Money Question," Cause of Panics and Their Remedy," at Court square Friday night at 8 o'clock. Saturday night he will discuss "The Tennessee State Socialist Platform and Whether or Not We Need a New State Constitution."
